All:

I attached my draft enforcement summary for Nelson Tunnel (last attachment) and the reference documents. I am hopeful this will provide you with a roadmap for the past and current enforcement matters. Of course this is nowhere near the "world" of NT documents or issues. I am here to help provide any additional background as issues arise.

As discussed, I will remain on the site through the mediation. In the meantime, I am hoping this will help Erin become familiar with the site. Enjoy, it is a great site with a great team!

Please let me know if you
